TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

ROCKING SHOW

This category of projects brings together a set of artistic proposals aimed at young audiences, as well as families, school groups, or private audiences.

We consider artistic creation designed to educate audiences to be fundamental, but above all we believe that every individual should have access to cultural enjoyment regardless of their age. We also believe that these projects allow us to explore personal experiences and develop languages of artistic communication, creating very specific norms, such as dialogue with babies...

TEAM CURRICULUM

Filipa Mesquita

Filipa Mesquita seeks to integrate traditions and tangible and intangible heritage into the contemporary world, constantly weighing up what is being built and what is being destroyed in a critical analysis of today's society, using the puppet as a symbolic figure in this analysis.

Born in Porto in 1976, she's been involved in puppet theater since 1996. She completed her secondary education in Arts in 1995. She attended the Architecture college degree in Lusíada University in 1996. She graduated in acting from the Contemporary Academy of Performing Arts (ACE) in 1999. She completed the Professional Course in Animated Theater in 2002, having been trained by a vast number of Portuguese and foreign actors, playwrights, set designers, and puppeteers. Since 1999, she has traveled to several countries to conduct training and present her work with object theater, including Spain, France, Belgium, Slovakia, Norway, Macau, and the USA. She is pursuing a Master's Degree in Heritage at the Education Superior School of Porto (ESE).

Filipa staged several productions such as “O Jardim - Tomo I - A Primavera”, “Bzzzoira Moira”, “Mistérios”, “As 7 casas da inFortuna”, “casa dos ventos”, “adormecida”, “Breve História de Portugal”, “capucha vermelha”, “Mostrengos dos 7 mares”, “Conchas”, “Descobridores”, “A Floresta”, “O Guardião dos Vagalume”, “Breve História de Portugal”, “Florival - O Pequeno Pastor”, “Teatro Dom Roberto”, the community show “marés”, “aldeia balão”, “O meu avô consegue voar!”.

She has performed as an interpreter in numerous shows of her own creation, as well as in shows staged by other creators for Teatro e Marionetas de Mandrágora. She has performed throughout mainland and insular Portugal in various theaters and cultural and programming venues. Filipa collaborates with numerous puppet theater promoting projects by researching traditional puppet theater in Portugal, organizing exhibitions and audience training activities, and working with numerous museums and monuments to implement Educational Services's dynamics.

César Cardoso

Born in 1978 and raised in an associative environment, he began collaborating on community projects at an early age.

At the age of 16, he joined the cultural department of the Lameiras Residents' Association, a housing complex in Vila Nova de Famalicão.

It was in this organization that, in 1998, he began his professional career as a sociocultural animator.

During this period, he co-founded the amateur theater company “TELA-Teatro Experimental das Lameiras,” working as an actor and technician. He also began collaborating with Rádio Universitária do Minho, where he worked as a radio producer and presenter. He also began collaborating with Rádio Universitária do Minho (Braga) on the program “Sangue na Guelra” and with Rádio Vila Nova on a magazine program dedicated to new Portuguese music.

At the same time, he began studying law, later starting studies in Sociocultural Animation. He also began studying guitar at Famalicão's band's music school.

In 1999, still as a cultural animator, he worked at “Casa do Caminho” children's emergency center in Matosinhos. Back in Famalicão in 2000, he worked at the Lousado Social Center (currently “Mundos de Vida”) and later, from 2001 to 2004, in the sociocultural revitalization of communities living in poverty in the municipality of Vila Nova de Famalicão, as part of the Fight Against Poverty TEIA Project.

In 2004, he joined the staff of Famalicão's Toy Library Association (currently Associação Gerações), working in the recreational and cultural area of the association.

In 2014, he became a freelancer, working in show production, as a musician and as an audio and lighting technician.

He is currently a programmer at CRU-espaco cultural, in Vila Nova de Famalicão, and as the visual director of the “Mel – piquenique das artes” festival.
