Artistic Workshops

**from visual creation to
theatrical play**

SYNOPSIS

The CEM program (Casa Educativa da Marioneta) was established in 2018 at the Casa Branca de Gramido in Gondomar. Since then, it has carried out over a hundred activities, both in person and virtually, reaching thousands of spectators.

The year 2025 marks the eighth consecutive year of training sessions held on the last Saturday of every month. A significant milestone occurred in 2023, when the program was honored with the "Rosa María García Cano Award 2023" for "Educational Programs and Performing Arts Promotion Initiatives for Children and Youth," awarded by the Feria de Teatro de Castilla y León in Ciudad Rodrigo, Spain.

TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

■ In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.

■ Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.

■ Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).

■ One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.

■ For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.

■ Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

■ Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.

■ We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.

■ *Teatro e Marionetas de Mandrágora is supported by República Portuguesa - Cultura, Juventude e Desporto / Direção-Geral das Artes, Município de Espinho / Museu Municipal de Espinho e Município de Gondomar. The structure is based at FACE - Fórum de Arte e Cultura de Espinho and headquartered in Gondomar.*

ARTISTIC WORKSHOPS

target audience : M/7 > M/14 years

group : small workshop

premiere date : 26 December 2023 (Tuesday)

premiere location : Casa Educativa da Marioneta, Casa Branca de Gramido x Gondomar x Porto

PRESENTATION

A program of continuous creative workshops centered on theatre, puppetry, and animated forms, led by Teatro e Marionetas de Mandrágora. For children, we have established a regular training program spanning several days, with proposals ranging from visual creation to the development of theatrical play.

SMALL WORKSHOP

Puppets, while often associated with childhood, are deeply woven into our collective imagination, history, and tradition. This art form offers an inexhaustible wealth of theatrical experiences, constantly renewing itself through innovative creation and manipulation on the modern stage.

It is essential for educators to equip themselves with the specialized knowledge needed to facilitate these experiences. By exploring diverse materials and construction techniques, teachers can provide students with the tools to develop original creative work, transforming the classroom into a laboratory for theatrical discovery and artistic expression.

TOUR
