TEATRO E MARIONETAS DE MANDRÁGORA

Teatro e Marionetas de Mandrágora is a professional puppet theater company, founded on 2 April 2002, directed by **Clara Ribeiro** and **Filipa Mesquita** and **enVide neFelibata** as art direction.

- In the symbiosis of a symbolic language that combines heritage and traditional legacy with the contemporary society's thinking and dynamics, in a dialogue that's not always peaceful, a fundamental element emerges: the puppet — the tool used in our quest for our own cultural identity.
- Our goal is to discover the puppet's own aesthetic, visual, scenic, and dramatic potential, as well as in the relation between actor and puppet. In this experience, we intend to find our own identity-based dramaturgy: the one that explores culture, belief, and folklore combined with the urban area, the technological exploitation and the global village's fast pace.
- Throughout our artistic journey, we created a wide range of proposals, both in terms of audiences (adults, youngsters schoolchildren, families) and in terms of training (basic and specialized).
- One of our major commitments is touring our projects, through the country and abroad. We constantly concern on decentralization, community work, partnerships, social and inclusive enhancement.
- For over two decades, the Company firmly established itself as a contemporary artistic creation structure by putting on a wide range of shows. Some creations our own, others resulted from partnerships with national and foreign cultural structures and entities.
- Our team has always had space to freely create according to each other's

language and vision, converging to develop and enrich the puppet theater's art.

- Our Company focuses on social vulnerabilities but also traditions and heritage through different but converging sights. Dialogue with all different audiences, blend our creations with sites and spaces, intersect with partner entities and structures is essential for creating multidisciplinary projects that prioritize communication with spectators.
- We would like to highlight our collaboration with numerous educational service teams while implementing our education activities program in institutions such as monuments, museums, and landmark buildings.
- *Teatro e Marionetas de Mandrágora is supported by Portuguese Republic – Culture, Youth, and Sports / Directorate-General for the Arts, Espinho Municipality / Espinho City Council, and Gondomar Municipality. The structure is based at FACE - Espinho Art and Culture Forum and headquartered in Gondomar.*

EDUCATIONAL SERVICE

School is where a significant part of learning takes place. For many years, we have been allies in education and culture, through the training of individuals and raising their artistic awareness.

We have created a section dedicated to schools, at different school levels, to simplify the communication process between the Company and school management.

There are many other creations that fit these possibilities, but we have selected proposals that, in our view, find in the school environment an ideal place to build the identity of each of these young individuals. Individuals who are in training and who we believe are the future of this structured and free society. One spectator at a time, one student at a time, and we will have fulfilled our cultural and educational mission.
